

## Translation is a profession

f.a.x. Translations b.v. understands the translation profession - we can provide fast professional translations in many fields of expertise and languages.

## Commercial, legal, technical, etc.

Whether you have a legal contract, a business letter, a website or a technical manual that needs to be translated - we will make sure the translation meets your specific international requirements.

## Expertise in many fields

Apart from our in-house translators, we also have a global network of experienced translators at our disposal, which means we can always find the right translator for the right job. Our professional translators are experienced in their field of expertise.

After all, mastering a language is not enough, being up to date with the developments is just as important.
